# Do you live, work, or play in the Buffalo Creek Watershed?

*We want to hear from you!*

Located in Butler & Armstrong Counties, the Buffalo Creek Watershed is an area of great beauty with important recreational, ecological, & cultural resources. From providing clean water to drink and recreate in - to providing habitat for fish and birds, the health of the watershed is important for both people & animals.

Audubon Society of Western Pennsylvania is working with local partners & residents to conduct a 10-year update to the Buffalo Creek Watershed Conservation Plan. The plan will be used by local leaders to prioritize investments in the community & help municipalities receive funding for projects.

**Please take 10 minutes to fill out a survey to help guide watershed priorities.** Surveys are available online at [www.aswp.org](http://www.aswp.org), over the phone at (412) 963-6100 x26, or at the Todd Nature Store in Yellow Jacket Square (612 South Pike Road, Sarver, PA 16055). Email [Sarah.skoenig@aswp.org](mailto:Sarah.skoenig@aswp.org) for more information or for a copy of the survey.
