Good Morning,

My name is Danielle and I am the Buffalo Creek Watershed Coordinator with Audubon Society of Western Pennsylvania. I am reaching out to you because on September 10, 2022 we are hosting our second annual Watershed Festival and we would love for you to be a part of it. We are looking for our partners to set up tables and talk about watershed conservation, as well as what people, can do to help! Last year we had over 500 people attend this event. We hope that you would consider celebrating with us. If you would be interested in having a table at our event, please let me know by August 1! It's going to be a great family fun-filled day with food, demonstrations, games, and educational opportunities. Hope to see you there!
